

Gas Control with *Multigas Taps*

231

- **Approval reference:** full CE Approval (European Approval)
- **Applicable standards:** EN 126
- **Use in gas appliances for:** oven
- **Max. & Min. performance per hour with $\Delta p = 3\text{mbar}$:** 300 l/h on air - variable
- **Max. operating pressure:** 50 mbar
- **Max. operating temperature:** 80°C
- **Gas inlet:** DN 6
- **Gas outlet:** M8 x 0.75 screw
- **Operating torque:** = 0.4 Nm
- **Leakage rate:** 20 cc/h (P=150 mbar)
- **Life test cycle:** 20,000 at 20°C - 20,000 at 80°C
- **Torsion:** 7 Nm for 10 sec 40,000 cycles
- **Installation position:** universal
- **Special desings and special connections:** available with a range of low flow rate
